TORTONA 1L WALNUT

L'ANTIC COLONIAL

FEATURES

Safety and joint durability are the main features of this easy installation system that guarantees the elimination of gaps between boards throughout the floor's lifetime. The pressure exerted between boards reinforces the union and prevents it from being carried out incorrectly.

Slight smoothing of the wood using a brush to achieve a surface with a slight relief.

L'ANTIC COLONIAL's varnishing, in two finishes, APRESTO (gloss) and APRESTO MATE (matte), provides a unique surface quality that satisfies the most demanding requirements. Advantages: It achieves the highest cleanliness because, since the pores are sealed, dirt and dust remain on the surface and can be easily cleaned.

Is suitable for installing on water radiant heating

Material with few knots on its surface that can have different sizes depending on the type of wood. These, along with any cracks that may appear, are covered with putty.

Installation system where gluing the boards to the floor is not necessary. They are placed on a foam, joined together, as long as the product does not already have a foil on the back of the piece.

There are consistent color changes between pieces.

Material from a European country.

3 mm

Applying a color oil or varnish on the wood surface in order to get different color ranges

Beveled cut on the long sides of the board in order to create a continuity effect

Quality product made with selected raw materials, guaranteeing its full residential use for 30 years as provided by L' Antic Colonial.

Format where only one board has been used to finish the entire base surface

It is necessary to apply adhesive for installing it.

Made with walnut wood.

Material from a North American country.
