

Model: JAVA 1L ASH

Codes: 100270774

Group: G-257

Format: 9X54X1,4

## COMPOSITION

|         | Size        | Material           | Type of material |
|---------|-------------|--------------------|------------------|
| Layer 1 | 0.060-0.070 | Varnish            | APRESTO MATTE    |
| Layer 2 | 3           | Hardwood Layer     |                  |
| Layer 3 | 9           | Intermediate Layer |                  |
| Layer 4 | 2           | Backside           |                  |

## TOLERANCES

|                        |                |
|------------------------|----------------|
| Squareness of the item | 0.2% of width. |
|------------------------|----------------|

## LABORATORY TESTS

|                        |                     |                       |
|------------------------|---------------------|-----------------------|
| Thermal conductivity   | 0.108 W/M*°K W/M*°K | UNE-EN 12667:2002**   |
| Formaldehyde emissions | Clase E1            | EN-717/1:2006**       |
| Flammability           | Dfl-S1              | UNE EN 13501-1:2007** |
| Slip resistance        | USRV 15             |                       |
| Biological durability  | Clase 2             |                       |

## FEATURES

-  This installation system consists in assembling the boards with slots and cuts on their edges by applying a slight pressure on the boards. The boards are then bonded with white glue. Tools are needed for the installation.
-  Applying a color oil or varnish on the wood surface in order to get different color ranges.
-  L'ANTIC COLONIAL's varnishing, in two finishes, APRESTO (gloss) and APRESTO MATE (matte), provides a unique surface quality that satisfies the most demanding requirements. Advantages: It achieves the highest cleanliness because, since the pores are sealed, dirt and dust remain on the surface and can be easily cleaned.
-  Is suitable for installing on water radiant heating
-  Material with some knots on its surface that can have different sizes depending on the type of wood. These, along with any cracks that may appear, are covered with putty.
-  Made with oak wood.
-  Structure formed by an upper layer that shows the noble aspect of the material, an intermediate layer of wood of different typology, depending on the collection, or HDF board that compensates the tensions between the different parts and a lower plywood that provides dimensional stability.
-  Slight smoothing of the wood using a brush to achieve a surface with a slight relief.
-  Beveled cut on all 4 edges of the board for emphasizing size
-  Quality product made with selected raw materials, guaranteeing its full residential use for 30 years as provided by L' Antic Colonial.
-  Format where only one board has been used to finish the entire base surface
-  It is necessary to apply adhesive for installing it.
-  There are considerable color changes between pieces.
-  3 mm

## PACKING

|               |                |  |
|---------------|----------------|--|
| Boxes         | 0.583 M2/BOX   |  |
| Pallets       | 51.3036 M2/PAL |  |
| Square meters | 1 M2           |  |
| Sale unit     | M2             |  |
| Base unit     | ST             |  |
| Net weight    | 10.1064 KG/M2  |  |
| Gross weight  | 10.5181 KG/M2  |  |
